Ponder Loses in Damage Suit.

T. J. Ponder lost his suit against the L. & E. railroad in the Circuit Court at Stanton yesterday. Mr. Ponder had sued the railroad company for \$5,000 damages alleged to have accrued by the forcible ejection of the plaintiff from a train between Stanton and his home at Lombard. Mr. Ponder was late getting to the depot, though he called to get a ticket, and seeing he would be left if he waited for the return of the ticket agent, he boarded the train, and made the conductor a tender of the exact amount of the fare, but the conductor insisted on his paying the 10 cents extra for train fare. This Mr. Ponder refused to do, whereupon he was ejected from the train. The case has commanded much attention, as Mr. Ponder is a very prominent citizen of the county. He has many friends who were anxious that he get the relief asked for.

Hard on Bootleggers.

There is hardly a week that the Irvine papers do not report heavy prosecutions of whiskey venders. Last week the Tribune in making out its weekly report, heads off with "Big Haul" and says:

"Probably the biggest scoop of the season was made Thursday by County Judge Newton and County Attorney Carpenter when Isom Bryant, of color, was arraigned in county court on a large number of liquor cases and entered pleas of guilty and was fined in the sum of five hundred dollars, which amount was promptly paid. He made promises not to engage in the liquor business again."

False Swearing.

At each succeeding court the writer is impressed with the evident perjured witnesses. Men testify to what everyone can see is false. Many witnesses seem to have no more regard for the truth than ordinary men have of relating common jokes, and most of them can swear a lie with the ease, comfort and dignity that a minister of the Gospel can define man's existence on a funeral occasion.

Death of Bluford Crow.

Bluford Crow died Friday at his home on Hardwick's creek, of tuberculosis. Burial Saturday at the Wells graveyard. He is survived by his wife, who was a Miss Woosley before marriage, his parents, Mr. and Mrs. Albert Crow, of this county; three brothers, Lemmie Crow, of McCormick, Alfred Crow, of Spout Spring, Asa Crow, of Hardwick's Creek, and one sister, Miss Ida Crow.

A Lawful Excuse.

We have a bona-fide lawful excuse this week for being slightly late. We have been entertaining Congressman Cantrill's friends in receiving the garden seeds he sent them through this office. He sent us five hundred packages, and from the way they are going, they will not get half way round.

But it will soon be time to rummage around and see if you can find your fly swatter.

Homesickness and Homesickiness.

Home seeking and homesickiness a little later is what comes to the majority of most persons leaving the good old State of Powell. So far there has been but few leaving us this Spring as compared with former years. It is time for us to learn that any county is largely just what we make it, and now that poor land can be scientifically made good, we think it time for all to settle down and build up our county by getting roads, good farms, good homes and a happy, God-fearing, law-abiding, contented people, instead of helping to develop and boost other counties and states and seeking such conditions there. There was a time when the outlook was bad, but conditions and opportunities have changed greatly in the last ten years, and so changed that there is but little excuse for leaving this county.

Get Ready for the Fight

Governor McCreary has signed the State Aid bill and it is now a law, and will take effect in a few weeks. To get the full benefits of this law Powell must vote a bond issue, so, readers, get on your electioneering cap on and be ready for the fight. There will be opposition to the proposition, we must therefore be ready. Building good roads means more money in the county as well as the good roads. It takes money to build good roads, and it will all be spent for labor and teams in the county.

Trains Delayed.

A freight train wrecked Monday at Beattyville Junction which caused a delay of twelve hours in the West bound morning train. The East bound train received a transfer of passengers and returned to this city about one o'clock. Many Winchester court visitors were disappointed, but some who had important business went on the belated train any way.

Hardwick & Co., live wide-awake Stanton merchants, are up with the season and have an elegant display of Spring goods. This firm is always in the front, and they do not forget to invite you to come and see them. See their new ad in this issue of the Times and give them a call.

Just one year ago today, March 26, was the biggest tide ever seen by most of our people. So far we have had no destructive tide this year, and it is hoped that we will not have later.

The season of the year to clean up has arrived, we therefore urge all citizens of Clay City to clean up their premises. If you do not care for yourself, clean up for the sake of your neighbor who does care.

John T. Welch, a former Powell county boy, has gone from New Ross, Ind. to Juneau, Alaska. Mr. Welch lived in Alaska for a number of years before locating at New Ross.

We are selling the new Royal Sewing Machine, prices from \$20.00 up. 10 year guaranty.

Mrs. J. W. Williams.

James' Man Out of the Race.

The postoffice fight at Mt. Sterling has lost a large part of its interest, since word has come from Washington that Squire Turner, editor of the Sentinel Democrat, is out of the ring. Mr. Turner had the indorsement of Senator James, but Congressman Fielda was supporting Mr. L. T. Chiles, of the grocery firm of Chiles-Thompson. The majority of the patrons of the office were for Mr. Chiles. Senator James withheld his support from Mr. Chiles upon the pretext that he was not a good Democrat, charging that Mr. Chiles had not supported the regular Democratic nominee for County Judge last fall. This Mr. Chiles did not deny. The Republican nominee was Mr. Thompson, Mr. Chiles' life-long business partner, and he felt justified in voting for him. The Democratic nominee for Judge thought so too, and he himself, therefore, indorsed Mr. Chiles.

Cantrill Alter Them.

Congressman Cantrill is after the Insurance companies of the country for withdrawing from the State of Kentucky. He is now studying the situation, and if conditions warrant it, he will introduce a bill in Congress which will require pass, to have all the insurance companies investigated by the Federal Government. The Government would open a branch of insurance itself, and would be interesting then to the rates come down, and all of these companies that have withdrawn from the State flocking back again. Government competition is far more effective than Government control. This has been demonstrated by the workings of the parcels post.

Big Raise for Powell.

The State Board of Equalization has raised Powell county lands and town lots 20%. We are glad to know that our property is getting so valuable, and also we are glad to know that the fellows at Frankfort are finding it out. They are just figuring a little in anticipation of what the State will have done for us. But just wait until we vote the bond issue and get ready for business and we will raise ourselves.

Big Demonstration Meeting.

There will be a Demonstration meeting in Louisville, April 7th 10th and a conference of country people whose purpose it will be to further study "How to Organize and Build up Country Life." This will be an interesting meeting, and it is to be hoped that many country folk will be there and greatly benefitted for attending.

Volma, the little seventeen-months-old daughter of Mr. and Mrs. John Kimbrell, died Friday night and was taken to Indian Fields for burial Monday.

I now have my dressmaking shop open next door to Central Hotel. Call and give me a trial. Satisfaction guaranteed, both in fitting and the price. Miss Nora Mays.

STANTON NEWS.

Mr. S. H. Harkwick, of Winchester, has been spending several days in town.

Mr. D. R. Clark was a recent visitor to Mt. Sterling looking over the stock market.

Mrs. Daisy Ewens, who has been quite sick for several days, is better and able to get out.

Mrs. Lucy Hatton, of Knox county, Tenn., is visiting at George Hatton, on Hatton creek.

George Aines, and Lillie White, of Clay City, took out a marriage license Saturday.

Mrs. Mollie Crawford, of Jackson, was at the old home over Sunday, that of Wm. Harkwick and family.

Miss Lillie Boone is teaching school at the Orphan's Home in Clay City for Miss Anna Hardwick who is now Postmistress at Stanton.

Jouett Boone, one of our splendid young men, of Stanton, left for Louisville Monday to accept a position in a bank there. We wish Jouett great success.

Mrs. Jack Treadway, the newly wedded bride is spending a few days with the home folks, Mr. and Mrs. Jim Williams. Jack arrived for over Sunday.

Mrs. Roland Marth, of Pilot View, left for her home Monday after several days' visit with her mother, Mrs. John Jackson, and other relatives in the county.

Mr. Tom Conlee was in Winchester this week helping his son, Irvin, to buy some cattle and other stock for his new farm near Walnut Grove in Fayette county.

Mrs. M. A. Phillips lost a very valuable pin some time ago. She holds it in memory of her daughter, Nettie, who died many years ago. The words Nettie are engraved on the pin. She offers a reward to any one returning same.

The Gideon Class of the Presbyterian Sunday School spent a very enjoyable evening last Friday night at the home of Mr. and Mrs. E. H. Fuller. Refreshments were served and games were played with a general social time.

Mr. D. W. Stone, who was expected over Sunday to hold a Sunday School Institute at the Christian Church could not come as his boy is lying at the point of death. Announcements will be made later as to when he will be here.

W. F. McDowell, Pres. of the L. & E. and Mr. O. M. Handesty, Claim Agent, Sam Martin, conductor and Charley Sexton, brakeman of the same road, and all of Lexington, were attending Court Tuesday. The latter three were witnesses in a case.

Judge L. F. Mann, of Clay City, J. H. Hardwick, of Winchester and Frank Earnest, of Lexington, were recent visitors to our town on business. Judge Mann says that it is his second visit to our town in twenty-six years. Come oftener Judge.

Mr. Kelly Fulks, and family, of Hatton Creek, moved to Campton Junction Monday. Mr. Fulks is superintendent of the Rock Crusher there that supplies the ballast for the J. & E. road bed. Robert Creech has rented the farm that Mr. Fulks moved from.

J. C. Hanley and wife and the writer were in Lexington Saturday and called on Prof. Buck who is at the Good Samaritan

Hospital. He is doing splendidly and will soon be able to leave. Professor says that he is going back to the farm and stay there when he recovers from this siege of typhoid fever.

Belvidere Brooks, of New York City, who is an own cousin to J. C. Patrick, now Vice Pres. of the Western Union Telegraph Company, the largest telegraph company in the world, is tripped for President of the Company. This shows what a young man can make of himself if he will make the best of his opportunities. Mr. Brooks was a poor boy, raised by an Aunt, but he studied and worked hard, and by his diligence and perseverance he has raised to his present enviable position. It is too bad some of our town loafers couldn't have improved their opportunities when they had the chance.

Among those from Breathitt county last week in the case of John Clair for the killing of Bummer Spicer were, Joe Moore, Belv Ewen and his son, Alec Deaton, Henry Nohle, Roger Spicer, Buddie Spicer, Granville Spicer, Sam Rollie, Wayne Sizemore and Rev. W. L. Clair father of the young man charged with the killing. Owing to the lack of witnesses and non preparation of the defendant, the case was continued till the third day of the June term of Court. Judge Benton warned the defendant that he must be prepared for trial as he would not grant another continuance. Judge J. P. Adams, of Jackson, lawyer for the defendant arrived in town after the case had been continued. In this absence at the opening of the case, Buford White, of Irvine, and Charley Spencer, of Winchester, were appointed by the court to look after the interest of the defendant.

The colored waiter at the Boone House, while handling his 38 "Special" in the kitchen of the hotel Monday night, discharged it accidentally. Fortunately no one was hurt when it went off. It will soon be unsafe for any one to be seen with a pistol, for the last Legislature has passed a bill that will be pretty drastic on the man caught with one on his person. For the first offense the person is disfranchised for two years from voting and is also subject to a fine. For the second offense he is sent to the penitentiary. This is a good law, and we trust that it will be enforced to the letter. Judge Benton gave notice to all in the Court House on the opening day of Court that he would see that this law was enforced to the best of his ability. He can do this if every citizen desiring it to be enforced, will do his part. This Legislature has also passed a very drastic law against the illegal sale of liquor in a local option county. With this law it ought not be very hard to convict any one caught coming in with a suit case full of liquor. This Legislature also passed a drastic law for the sale of cigarettes. Any person under sixteen years of age can be arrested who is caught smoking a cigarette and the penalty is very severe on the store keeper who has them for sale. If the Legislature had done nothing else but pass these three bills we feel that it has accomplished something that will be of vast benefit to Kentucky, and to the young men of our state. Now it rests with the officers and citizens of Stanton and Powell county to see that these three laws are enforced. If they are, there will be but very little shooting, drinking and smoking of cigarettes among our young men.

There is a great stir with the insurance companies about the new law passed by the Legislature regulating them. The sum and substance of the bill seems to be: In 1912 the Legislature found that the people of this State were paying at least 30 per cent. more for insurance than many other states. This 1912 General Assembly passed a law to lower the rates. The insurance companies then threatened to leave the state, but after deliberating compromised by remaining with us and so reclassifying the risks of the state and charge the lower rates as to class, and yet increase the insurance in most instances. This was deception and robbery, so the 1914 Legislature resented and passed a law to not only control the rates but also control the classification. The insurance companies are mad, and are making the people fight themselves to get from under this just law, but it seems that they will have to stand for at least two years, and we hope forever.

President Wilson has now served one full year in the White House and no President has ever entered that White House who has been so persistent and aggressive as he, in fulfilling the promises made to the American people by the Democratic convention which nominated him in June of 1912. Furthermore, there is no parallel in the world's history where a ruler of a great nation has made such a profound impression on the civilization of

of the world in so short a time as one year, as President Wilson has. He has probably made a few trifling mistakes, as no man is perfect, but he has not made any serious mistakes and the entire country gives him credit for absolute sincerity, honesty, patriotism, and masterly statesmanship. The most glorious of all however, is the fact that no corrupt or questionable deal has been jostled through Congress during his administration, and you can gamble on it that if any such a deal should get through Congress it would promptly receive the veto of that great incorruptible statesman who presides at the White House.

Our Representative, Gum, says he didn't vote against the 2-cent bill, as his vote was counted. Other members of the Legislature are saying their votes were not counted right. The proper time to have complained was before the Legislature adjourned. However, as these timid members failed to call attention to the wrongful counting of their votes, we suggest that Governor McCreary call the Legislature together again and let the vote be counted as the members say they voted, and we are sure some of the important bills lost, including the 2-cent bill, will be carried.

Farm Drain Tile

Make Your Wet Land Productive.

By the use of drain tile you can turn that low, wet, useless, swampy field into the most productive spot on your farm. Good tile, properly placed, not only carries off surplus water, it admits air to the soil and makes it easy to work. It improves any soil. The increase in the value of the land is many times the cost of the tile. The first year's crop from tiled land pays for it. Any body can do the work successfully. Write for particulars or call at our plant.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advice from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good.

I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.
